

TIARA[®]

Y A C H T S

2022 TIARA YACHTS

ELEGANCE IN ACTION

IT IS NOT MERELY OUR CRAFT.
IT IS OUR CALLING.

From day one, Tiara has been led by a passion for handcrafted, beautiful boats that create truly incredible experiences for Captain and guests. It is our conviction that to be the best is not sufficient, for that is only a comparison to the standards of others. We set ourselves apart by pursuing the ultimate goal of perfection, both in the products we make and in the entire conduct of our business.

We spend time truly understanding customers' wants and needs, and providing for them in ways that exceed expectations. It's a passion that extends to the Tiara buying experience, and a better overall dealer organization because every great voyage starts on shore.

Our service to customers encompasses partnerships with our dealers, establishing cooperative working relationships with suppliers and standing behind our product at all times. In doing so, we are confident our products will be a source of pride, an exhilarating thrill on the water and a lasting investment to their owners for years to come.

Tiara has continued to elegantly evolve over the past few years while maintaining the heritage established through company founder, Leon Slikkers. Each Tiara is built on over 70 years of boat manufacturing experience, by hand, with passion and inspiration. Leon began building boats with the simple goal of delivering the highest quality product possible while utilizing modern production techniques of the era.

Over the years, the Tiara family of employees and three generations of Slikkers family members continue to manufacture each Tiara Yacht under those same principles of quality established by Leon Slikkers at the very beginning.

The evolution in design, construction and performance of Tiara Yachts firmly places us at the height of the luxury yachting and fishing markets today. The continued growth of our outboard powered products marked an important chapter in the history of Tiara. We've responded to market demands with products that have, and will continue to, set the standard for outboard powered vessels in this class.

As CEO of our company, my desire is to deliver a new Tiara complete with the latest proven performance technologies, engineering innovation and timeless styling that you have come to expect from our company. We believe that in each and every Tiara Yacht, you will feel the passion and inspiration my father has instilled in the company, family and employees responsible for delivering you an exceptional experience on the water.

Our commitment to excellence, development of exciting new models and customer service are paramount to our success. But most importantly, we wish for you to enjoy each and every moment of boating together with your family and friends on the water aboard your new Tiara Yacht.

Tom Slikkers
CEO and President

TIARA HERITAGE

Tiara Yachts was born the day that Leon Slikkers left the family farm to pursue his true passion: hand-building boats. His journey began with Chris Craft, where he nurtured his love of boat making. His only complaint was the frequent work stoppages at that time.

It would be a few more years, but eventually Leon went out on his own, forming SlickCraft. The company's dual cockpit runabouts were constructed from mahogany plywood decks and molded plywood hulls, built on a factory floor below the apartment where Leon moved his family. He soon began experimenting with fiberglass, even while his wooden boats were enjoying great popularity.

As family-owned SlickCraft began to grow, it attracted new staff to its boutique factory where craftsmanship was paramount and every single staff member endeavored to build and sell only the highest quality boats. In addition to the plywood-molded hulls, the company soon began to produce fiberglass hulls, mahogany wood decks, chrome deck hardware and upholstered seating. Soon thereafter, the company was selling 12 models of well-built boats at affordable costs, while maintaining their well-earned reputation for superb quality.

In late 1969 after much thought and prayer, the company was sold to AMF, with Leon staying on as president of the SlickCraft division of AMF. It wasn't long though before Leon was disappointed to see AMF did not have the same passion he had built his company on. A little over four years later, Leon left the company.

Due to a non-compete clause, he did not resume making powerboats, focusing instead on sailboats, creating S2 Yachts. The renewed focus immediately garnered results. Their custom quality boats inspired employees, dealers and boating enthusiasts alike. The 23- and 26-footers were becoming a favorite

in both cruising and racing circles. The racing models went on to take several national titles and three international titles.

In 1976, with the non-compete clause expired, S2 created the Tiara Yachts division, named after the signature headdresses of royalty because Tiara Yachts were built to be treasured by their owners. The utmost attention to detail and breathtaking designs made them instantly sought-after yachts by both customers and dealers.

For Tiara, there is a single theme: that only the absolute finest will do. From materials to quality standards to the customer buying experience, perfection is the only standard acceptable.

This unwavering approach has landed founder Leon Slikkers in the NMMA Hall of Fame, the Michigan Boating Hall of Fame, gotten him named Manufacturing Entrepreneur of the Year by Ernst & Young, and he even received the Manufacturing Division of MCI/Inc. Magazine's National Award for Positive Customer Service.

Today, parent company S2 Yachts is one of the few privately held production boat-building companies in the world. It's a success attributed to our company's dedication to uncompromising quality, cutting-edge design, thoughtful innovation, and unsurpassed customer service. Every employee of Tiara shares in the commitment to bring customers the very best boating experience imaginable, so owners can enjoy the ultimate offshore and outdoor adventures with their families and friends. That is what Tiara ownership is all about.

A VISION FOR TIMELESS DESIGN

The timeless elegance of Tiara is recognizable from great distances, but is also evident in the smallest of details. Sweeping lines make for classic silhouettes, carefully-curated colors and materials, and even the layouts themselves, establish the highest standards of comfort and sophistication. Thoughtful design and engineering allow for more open, airy spaces to connect with the water and with your guests. Integrated features allow for every conceivable adventure you might want to embark on, and below deck, our yachts offer a luxurious respite and refined quarters for socializing or an enjoyable break.

Every nuance of design has been crafted and polished for an unparalleled yachting experience. Social and piloting areas are as thoughtful in their design as it is effortless for Captain and guests to interact, pilot the boat, dock and embark again. Foresight and intelligent design offer up options and functionality to outfit your yacht perfectly for any excursions you can dream of.

AMERICAN MADE

We take great pride in manufacturing an American Made product. Throughout our storied history of hand-building boats, we have remained based in beautiful Holland, Michigan. This allows us to offer the highest level of craftsmanship, the greatest control over quality and creates a source of pride for our customers that their boat was handmade in the U.S.A., and legitimately of the greatest quality in the world. We have honed our craft throughout decades and generations, improving on design and manufacturing to the apex of refinement evident in our boats today.

The drive embedded in our company as the finest, privately owned U.S. boat builder was instilled by our founder, NMMA Hall of Fame member, Leon Slikkers. From our president to our newest employees, everyone at Tiara is committed to providing the best boat possible, from the smallest detail to the greatest, and with a world-class level of customer service. It's a passion instilled in every Tiara employee and alive in everything we do today.

In all the boats that Tiara Yachts crafts, there is a single theme: that only the absolute finest will do. From materials to quality standards, all the way through to the customer buying experience.

CONTINUED EXCELLENCE

We have prided ourselves for many years on our commitment to excellence both in the quality of the product we build, and the service we provide to our loyal customers. In doing so, we have been recognized by the National Marine Manufacturers Association for excellence in customer satisfaction every year since 2004. This prestigious award is presented to manufacturers who recognize the importance of customer satisfaction programs and utilize industry best practices. In order to receive this award, Tiara maintained a standard of excellence of 90 percent or higher in customer satisfaction.

Every new Tiara owner is sent a survey in an effort for us to best understand how we can improve the customer's experience. This diligent research process allows Tiara owners to feel confident that we will go above and beyond to make sure their boating experience is enjoyable, and provides valuable feedback so that we can continue to provide the highest level of customer service throughout the entire purchasing process.

Everything we do centers around the enjoyment of friends, family and the water. We bring this focus to life through sophisticated design and engineering, creating yachts that are visually stunning, incredibly comfortable, technologically advanced, and easier to pilot.

In the following pages, you will witness the result of our efforts to create the world's most rewarding yachting experience. From handcrafted tactile beauty to exacting technology, we have set out to make every detail and aspect of our Tiara a pleasure to behold. We hope you feel our passion too, in every yacht that bears the Tiara name, some of the finest yachts on the water.

IT'S ALL IN THE DETAILS

Down to the smallest of detail, only the finest will do, and that extends to each of the fabrics we offer.

Owners can choose from a variety of modern designer selections with luxurious options, fine textures and patterns. You and your family have the opportunity to customize your new Tiara Yacht with our coordinated fabric packages, giving you the ability to personalize your vessel to your taste.

It's just one more way we are creating one-of-a-kind experiences for our customers.

INFINITE COLORS

Tiara offers customers the option of painting their new vessel through a sophisticated color matching and application process. Tiara's painted hulls feature a brilliant, durable finish that is easily maintained. An endless choice of colors paired with a painted boot stripe elevate the already luxurious and elegant style of a Tiara Yacht. It also adds a personal touch as an expression of the owner's personality and use.

Each painted Tiara is primed and finish sanded against a guide coat prior to the application of a polyurethane base coat and clear coat. Axalta Coating Systems, supplier of the Imron paint systems used. The durability and abrasion resistance of Axalta's marine coatings help ensure that every painted Tiara Yacht retains its gloss and mirror-like finish longer and requires less maintenance over time.

Protect your investment and express your style by optioning to paint your Tiara Yacht.

OPEN SERIES

39 OPEN 43 OPEN

Cruising the coast. Day-tripping across open water. The Tiara Open Series delivers enviable versatility, durability and style with optional fishing and cruising features allowing you to boat how you want to boat. The innovative Open Series introduces smartly designed boats that deliver classic and timeless Tiara style. And, like every Tiara, that style is built on an unmatched heritage of American Made quality, strength and performance designed to give you an experience unlike any other: one carefree day on the water after another.

A luxurious array of features include abundant seating, contemporary fabric options, custom paint colors and state-of-the-art electronics from Garmin®. The most remarkable feature, however, may be the return on investment you feel every time you hit the water.

Choose from the 39 Open or 43 Open, this series combines the heritage of Tiara Yachts with elegance, style and performance.

Technological advances and sophisticated features that accompany the Tiara Open Series complement the distinctive American style that takes your breath away.

39 OPEN

Escape for the day or even a weekend and experience the spacious luxury that the 39 Open offers. Ample seating, durable fabrics and state-of-the-art electronics from Garmin® are just some of the features onboard.

Below deck, you will find a large, open and comfortable retreat that includes a teak interior featuring a foredeck skylight/hatch system that runs nearly full length from the master stateroom to the salon and galley.

A luxurious array of interior features include a galley complete with cooking amenities and storage, a salon for entertaining and ample storage throughout. Option your 39 Open for cruising or fishing and enjoy one carefree day on the water after another.

COUPE SERIES

C39 C44 C49 C53

The Tiara Yachts Coupe lineup is built on the strengths of modern design, technical innovations and performance without abandoning the classic quality traditions and styling of its heritage. The timeless Tiara Yachts style reveals itself, complemented by integrated hardtops with built-in sunroofs and stylish windshields with tinted, unobstructed glass port, starboard and aft for an open and airy feel throughout.

As you step aboard aft in the wide-open cockpit, you'll enjoy unimpeded access to the aft galley through the counterbalanced, heavy-duty patio rear sliding doors. When open, entertaining indoors is simultaneously joined with the joys of whatever waters and scenery you find yourself moored.

Traditional hardwood flooring and trim are paired with modern materials, hardware and finishes to give each Coupe a contemporary feel. Open and airy staterooms, heads and living spaces are basked with abundant natural light through skylights and port lighting as well as ample glass window panes.

But maybe best of all, your yachting experience will be brought to new levels of enjoyment through the feel of Volvo Penta IPS drives engineered with glass cockpit instrumentation and effortless joystick operation, all standard on each of the Tiara Coupes. Paired with the dependable, sweet-riding Tiara hull, the Tiara Coupes deliver an exceptional driving experience.

39 COUPE

Tiara's uncompromised quality and luxury combined with top of the line integrated electronics systems make the 39 Coupe a perfectly sized and powerful package. Twin Volvo Penta IPS drives, paired with the dependable Tiara hull, deliver an exceptional driving experience. Joystick controls and glass cockpit instrumentation provide easy navigation and increase the enjoyment of your yachting experience. While classic Tiara styling and quality components highlight the exterior, modern interiors and architectural appointments await inside. A forward master stateroom with queen berth is complemented by a master/

day head and aft stateroom providing plenty of comfortable space for a family or two couples to enjoy an extended cruise. Rich, solid-wood floors, modern wall coverings, architectural finishes and heavy-duty hardware highlight interior finishes. Tiara Yachts customers may customize their interiors to match their own unique tastes and styles. With open and airy floor plans that keep galley and cockpit engaged, every detail has been thoughtfully attended to. Enjoy the full marine experience with a retractable sunroof, large windows, skylights and sliding rear glass door.

44 COUPE

A forward-leaning take on classic Tiara Yacht lines, the modern profile of the 44 Coupe heralds the progressive nuances of this yacht. To promote more interaction between pilot and guests and for further enjoyment of the water, the salon is enclosed but can be opened easily through the oversized sliding glass doors.

The 44 Coupe features the latest in navigation and operating technologies, including Volvo Penta's effortless joystick control with assisted docking plus Garmin® electronics. The architectural theme inside is centered on warm

teak complemented by the latest interior finishes. A spacious salon, generous staterooms and contemporary galley accommodate multiple guests in style. The wrap-around windshield, large sunroof and abundant windows make for better visibility and brighter, airier interior spaces. Once outside the fun gathers around the aft grill and huge swim platform. It's the perfect yacht where everything revolves around your connection with the water and your guests, for memories everyone will cherish.

49 COUPE

The 49 Coupe blends classic Tiara Yachts legacy with a contemporary balance of materials and improved layout, increasing social zones while maximizing seating and comfort. Interior, the single-level salon offers unparalleled height, 360-degree visibility, cross conversational seating and a generous 48" wide helm seat. Accommodations for up to six guests await below deck. The centerline master berth boasts private head, storage and an abundance of natural light via the large hullside windows. VIP accommodations enjoy natural light and a private head entry as well. Connect interior and exterior zones via sliding glass doors that open the galley to the single entry cockpit

complete with spacious L-lounge. Elegant fabric colorways blend with teak, solid surface and quartz accents to present a contemporary look and comfortable feel aboard the 49 Coupe.

The 49 Coupe carries our longstanding partnerships with Volvo Penta and Garmin® electronics, offering glass cockpit, joystick control and current marine navigation technologies. Seakeeper® gyro stabilization technology is an optional addition to your 49 Coupe. Integrated audio system, Bluetooth and advanced LED lighting are each seamlessly blended throughout.

53 COUPE

A strong, sleek and elegant profile combined with an integrated hardtop and large, obstruction-free tempered, tinted windows add to the 53 Coupe's global styling. The salon and bridge deck, with her 360-degree panoramic views, open to the cockpit through sliding aft doors bringing the water right to your back door. Sophisticated interior appointments make entertaining and overnighting comfortable for captain and guests. A port side walkway brings you to the swim platform, aft grill and access to the trunk.

The exterior appointments and design integrations include the Tiara custom hardtop with sunroof and the salon-to-cockpit transition that welcomes guests to the outdoors. The 53 Coupe is powered by twin Volvo IPS II 950s with Joystick Plus control and paired with Garmin® electronics. The technologically advanced Volvo IPS power plants are matched to the proven hull delivering a solid ride whether you're enjoying a calm day cruise or pushing the vessel to get you to your favorite getaways far offshore.

LS SERIES

34LS 38LS 43LS 48LS

The Luxury Sport (LS) Series consists of the first-ever outboard powered Tiara products, designed specifically around outboard propulsion. With a focus on luxury sport yachting, this lineup offers sophisticated vessels ready to meet the demands of day yachting. The epitome of functionality and comfort, LS models feature multiple and easily accessible social zones as well as ample lounging accommodations with transformational seating.

Glass cockpit integrated electronics, including the latest Garmin® Marine Navigation Systems, provide ease of use. Available in 34, 38, 43 and 48-foot lengths, experience the joy of motion aboard the Tiara Yachts Luxury Sport Series.

34LS

The 34 LS carries the functionality and heritage of luxury sport yachting set by its predecessor, the 38 LS.

Complete with walk-around capabilities, outdoor galley and convertible sun pad, the 34 LS continues to define luxury day yachting. Captain and guests will enjoy multiple lounging spaces and social zones, offering relaxation and fun while on the water. Interior, guests will find a quiet refuge complete with sleeping accommodations and head. Athletic, sleek styling combined with thrilling performance ensures one exciting day on the water after another.

Paired with Mercury® propulsion, the 34 LS is ready to perform. Outfitted with glass cockpit integrated electronics and the latest Garmin® Marine Navigation Systems, captains will enjoy the ease of use and navigation aboard.

SPECIFICATIONS

38LS

The 38 LS is the reinterpretation of luxury sport yachting, a fusion of sophistication with the demands of day yachting. The epitome of functionality, its walk-around capabilities, bridge and lounge seats via both port and starboard entries with an island-style outdoor galley are just some of the features through which the 38 LS defines a new luxury sport yachting segment. Multiple and easily accessible social zones allow friends and families of all ages to experience a myriad of waterplay activities, exterior grilling and dining delights along with luxury lounging via convertible sun pad, elegant cabin and aft cockpit areas. Wrap around forward bow seating provides more space to laze and enjoy time on the water with family and friends.

Experience the joy of motion aboard the 38 LS. The Mercury® propulsion package boasts performance, power and sleek styling. Glass cockpit integrated electronics including Garmin® Marine Navigation Systems provide ease of use for captain. With a fuel capacity of 331 gallons, you have plenty of range to spend a couple of days running to your favorite ports of call.

43LS

The third model in the LS series, the 43 LS combines the aesthetic of sport styling with the luxurious amenities and details synonymous with the Tiara Yachts brand. Guests can choose from multiple social zones for relaxation and leisure. Forward, the bow features wrap around seating with a reclining lounge. The helm seats four comfortably, with standing room and a leaning bolster just aft, providing a secure zone for more guests while underway. A side boarding door located portside presents access to your favorite water activities. The innovative aft U-lounge rotates 180° allowing guests to further enjoy the swim platform and beautiful views. Entertain everyone aboard from the galley, well equipped with sink, refrigerator and large countertop. Below deck, comfortable accommodations for four await.

The sleek styling of the 43 LS is best complemented by power and performance. Yamaha® or Mercury® power combined with glass cockpit integrated electronics including Garmin® Marine Navigation Systems provide comfort and control at the helm. A fuel capacity of 400 gallons combined with a top speed over 50 mph gets you to your favorite port of call fast, giving you more time to enjoy with family and friends.

48LS

The largest outboard powered Tiara Yacht ever built; the 48 LS builds on the legacy of the LS series. Luxury is amplified from bow to stern through unexpected details and refined yacht aesthetics. Social zones, a key area of focus in every LS model, allow for guests to choose their ideal space for relaxation. Forward, the bow features wrap around seating and reclining lounge. Aft, the innovative rotating lounge boasts multiple locking positions and built-in footrest.

Deploy the terrace and expand the cockpit in addition to improving access to the water. At the helm, sliding doors provide a welcome retreat from the elements. Below deck you'll find a forward pedestal berth and private head in addition to the aft stateroom that features dual twin berths. The berths may be converted for more comfortable adult sleeping accommodations. Ultraleather and teak blended with a mix of stainless steel, detailed accent stitching and solid surfaces elevate and amplify the elegance of every amenity on board.

LX SERIES

34LX

The Luxury Crossover (LX) Series boasts the 34 LX offering functionality and comfort for everyone aboard.

Designed specifically around outboard propulsion and offering thrilling performance with glass cockpit integrated electronics, including the latest Garmin® Marine Navigation Systems.

Transformational seating aft allows guests to find their individual place for optimal relaxation while the centerline walkway leads to bow seating. Plenty of storage, well equipped galley and private head allow for a full day's worth of enjoyment on the water.

34LX

A traditional bow rider layout, the 34 LX luxury crossover provides comfortable forward seating accessed via a centerline pass through. An accommodating cockpit provides abundant seating for family and friends while the transformational aft seat offers the ability to enlarge or reduce the cockpit size based on guests' needs aboard. Smart storage allows space for beach and water gear as well as boat equipment. The sunroof and centerline passive ventilation system both offer fresh air throughout, adding comfort for everyone aboard.

Mercury® propulsion provides power and performance both captain and guests are sure to appreciate. Integrated electronics and Garmin® Marine Navigation Systems complement the package, providing intuitive and functional ease of use.

Holding Tank Capacity	20 U.S. Gallons - 75.71 L
Deadrise at Transom	22°

LE SERIES

43LE

The Luxury Express (LE) Series consists of the 43 LE, built with unique social zones, transformational seating and thrilling performance. Innovative features including the fold-down terrace and retractable enclosure system further improve your comfort aboard.

Complemented by detailed styling and thoughtful design accents, craftsmanship is evident throughout. Your choice of Yamaha® or Mercury® power with integrated electronics complete this smart package.

43LE

The first in its series, the 43 LE emphasizes sport styling and luxurious amenities as well as dedicated social zones and thrilling performance. While the bow provides relaxation via a chaise lounge, the aft social zone shows off a rotating lounge with multiple locking positions and a built-in footrest. A fold down terrace expands the cockpit and improves your access to the water. Entertainment features are found throughout, including the galley, grill and premium stereo system.

Head below deck and you'll find two sleeping accommodations: a queen island berth and mid-cabin double berth. A complete head with separate shower provides all of the appropriate overnighting or day-yachting amenities one would need.

With three unique propulsion package options, the 43 LE is built for performance. Your choice of Mercury® or Yamaha® engines combined with the Tiara Yachts integrated electronics package provide power and control at the helm.

INNOVATION

Tiara Yachts might be most recognizable by their elegant, timeless design, hardware and trims, but the true hallmark of our yachts are the innovative features. We partnered with Volvo Penta over a decade ago and continue to engineer and design our Tiara Yacht models together, maximizing the harmony and performance of craft and powertrain. We've led the way in IPS drives, using joystick operation for nimble turns and overall ease of use. Other innovations include flush mount dashes with visually appealing and modern designs.

Our advances extend to the philosophy of boating as well. We are always incorporating features, storage and functionality to reflect the modern demands of enthusiasts. They're all ways we make Tiara Yachts easier to enjoy, not just for the Captain, but for family and guests as well.

POWER PARTNERS

For long-time partners Tiara Yachts and Volvo Penta, continually improving the boating experience is our number-one goal. More than 10 years ago, innovation and customer satisfaction collided, and the two companies made history when Tiara Yachts became one of the first boat builders in the world to use Volvo Penta's revolutionary new propulsion system: Volvo Penta IPS. As an early adopter, Tiara immediately realized that the future of boating lay in the revolutionary pod propulsion system that offered unparalleled benefits as a unique alternative to the traditional shaft drive. Nearly 20 years later, Volvo Penta and Tiara Yachts continue to unveil revolutionary innovations that translate to the ultimate boating experience as demand for Volvo Penta IPS-powered Tiara products continues to grow.

Outboard models boast partnerships with our engine suppliers: Yamaha® and Mercury®. Each outboard option offers customers a unique combination of technology and power including joystick driving. Captain and guests will delight in thrilling performance aboard and enjoy the peace of mind delivered through dependable and purpose-built technologies.
